

**Addendum #1 to
REQUEST FOR PROPOSAL**

FOR

COMPREHENSIVE OPERATIONAL ANALYSIS

**Solano County Transit (SolTrans)
Vallejo, California**

SOLICITATION NO. 2017-RFP-05

**PROPOSALS DUE
NOVEMBER 29, 2017**

ADDENDUM ISSUED

NOVEMBER 16, 2017

I. NOTICE TO CONTRACTORS (no change)

NOTICE IS GIVEN that sealed proposals are requested by Solano County Transit, (SolTrans), a joint powers authority, for a Comprehensive Operational Analysis. All proposals shall be submitted in response to the conditions of this “REQUEST FOR PROPOSALS” for Comprehensive Operational Analysis (hereinafter referred to as RFP),” dated October 26, 2017, said RFP being on file in the offices of SolTrans located at 311 Sacramento Street, Vallejo, California, 94590.

Proposals must be contained in a sealed envelope and appropriately labeled as described in the Section entitled Schedule & Submittal Instructions. Proposals must be received at the offices of SolTrans, at or before 2:00 p.m. on Wednesday, November 29, 2017.

Proposals received after 2:00 p.m. on November 29, 2017 will be considered late and may be excluded from consideration.

A. Obtaining Documents

Proposal documents may be obtained in person at the SolTrans office at 311 Sacramento Street, Vallejo, California, 94590 or electronically at:

www.soltransride.com/about-soltrans/doing-business-with-soltrans/procurements

Documents requested by mail will be packaged and sent postage paid.

B. Validity of Proposals

Proposals and subsequent offers shall be valid for a period of not less than ninety (90) days after proposal deadline.

C. Pre-Proposal Conference

No pre-proposal conference will be held for this project.

D. Proposal Inquiries and Contacts

Inquiries may be submitted via email, personal delivery, by mail (return receipt requested), or by facsimile (fax). Proposal inquiries submitted by personal delivery shall be deemed received at the date and time of delivery. SolTrans is under no obligation to consider any proposal inquires that are not submitted as provided herein.

More information, and all communications regarding this Request for Proposal, including those seeking clarification of the RFP documents, must be submitted in writing (email preferred), and directed to:

Michael Abegg
Planning & Operations Manager
michael@soltransride.com
Phone 707-736-6983
311 Sacramento Street
Vallejo, CA 94590

All emails sent to michael@soltransride.com will receive a brief confirmation email in return. PROPOSERS who do not receive a confirmation within one day of submitting questions or requests for clarification should contact Michael Abegg to confirm receipt or to resubmit questions and clarifications.

E. Equal Employment Opportunity and DBE/SBE Requirements

It is SolTrans' policy to ensure that Contractors shall not discriminate based on race, color, religious creed, national origin, ancestry, sex, physical disability or other protected class in the performance of SolTrans contracts.

Although there is no specific goal or requirement to use participation by Disadvantage Business Enterprises (DBE) for this project, SolTrans highly encourages the participation of Disadvantaged Business Enterprises (DBE). SolTrans encourages all prime Contractors to utilize qualified SBE (Small Business Enterprise) sub-Contractors on SolTrans projects, and promotes the direct purchase of goods from qualified SBEs by utilizing SBE vendors when such vendors are available and the price of the goods or services sought is reasonable.

ADDENDUM #1.

This Addendum is issued in response to questions received up to and including November 10, 2017. Except as stated below, all terms of the original RFP remain unchanged.

Q: “Do you anticipate a need for the consultants on this project to collect any new data (specifically boarding/alighting counts and on-time performance survey) or is SolTrans providing all the needed data (ridership and on-time performance data by route, day of week, run, stop, etc.)?”

Per section 7.3.2, SolTrans expects the primary source of Ridership Data to be existing automated collection methods including GFI farebox data and APCs linked to the Avail CAD/AVL system. The APC data will require some refinement; they are mostly in a raw format as SolTrans has not yet established processes for routinely cleaning the data.

Per section 7.3.6, SolTrans expects the primary source of running time data to be the Avail CAD/AVL system. Again, however, the data are in a raw format with no established data cleaning protocols.

A desired outcome of the project is help in defining proper data cleaning and archiving protocols and procedures to allow future data analysis to occur more easily.

Should the contractor determine that additional data collection is required, it should be proposed during contract performance under the “additional work” or “optional component” clause.

RFP is unchanged.

Q: “Please provide examples of the most detailed monthly reports prepared for the paratransit program, Dial-a-Ride, and taxi scrip program.”

Paratransit and Dial-a-Ride is operated using the Trapeze PASS 14 scheduling/dispatching system, and all PASS standard reports are available. The attached reports indicate the primary monthly monitoring reports that SolTrans currently uses, however, SolTrans staff will provide any additional reporting currently available upon request.

Paratransit and Dial-a-Ride reports are attachment 1-1. Local Taxi Scrip program reports are attachment 1-2.

Attachments added to RFP.

Q: “Can you share your consultant budget for this project?” Also, “What is the not to exceed budget for this project? Does this include the Title VI cost option?”

A specific project budget has not been defined, however, our target for the work not including any additional items such as extra data collection or Title VI, is between \$100,000 and \$120,000.

Clarification.

Q: “Does the work scope include evaluation of a fare increase?”

In general, no. Ridership and routing analysis should reflect current fare policy include base fares and existing fare discounts and media options.

If, in preparing recommendations for service revisions, the contractor believes changes to the fare system would support improved performance of the revised services, the contractor may make such recommendations at that time. This would be in a general form, e.g. “provide single linked trip bus-to-bus transfers” or “eliminate 10-ride ticket.”

Clarification of RFP.

Q: “The Expectations include ‘#5. Implementation Assistance,’ which is open-ended and could range from simply providing an implementation schedule to address issues such as bus stop locations or schedule adjustments. Could you please provide additional information on what the Consultant should consider as scope for this task when budgeting?”

The language of the RFP is too vague. The intent was to focus on the second sentence identifying the sequence and timing of implementation elements. Replace the paragraph with the following:

“The Vendor shall provide implementation assistance in the form of a sequence and timing schedule for the implementation of service plan components. Preparation of operational details (detail route descriptions, timetables, vehicle blocking, and runcutting/rostering), evaluation of individual stop improvements, and preparation of public information on the deployment of revised services is *outside* the scope of this work and will be performed by others, or under the “additional/optional” work clause.

Note also that the Implementation Plan as defined in Section 4.2 (page 8) of the RFP refers to the implementation of the analysis itself, not the service changes that may result.

CHANGE to RFP

Q: “Is it your intent that the original cost proposal be spiral-bound? Or can it be stapled?”

No specific format is required. Anything indicating to the contrary may be ignored.

Clarification of RFP.

Q: “In Form 1 – Cost Proposal, to what does the asterisk on RATE/HR* refer?”

As best we can tell, this is a remnant of a previous project and can be ignored.

Clarification of RFP.

Q: “Is any community survey data available? If so, when was it collected?”

SolTrans staff are not aware of any recent community survey data relevant to transit. The City of Vallejo is currently preparing a survey and SolTrans would have the ability to “buy-in” to the survey. The City of Benicia does not have any current survey plans; however, the City utilizes an online “Town Hall” that could be leveraged for the equivalent of a survey. This can be discussed with the successful vendor as to whether the timeline of the Vallejo survey and the Benicia online tool would be useful to this project.

Additional Information for successful proposer

Q: “Has a desired completion date for the project been identified?”

No specific target date has been identified but staff expects the project to run most of calendar year 2018 with the earliest possible service change implementation in November, 2018.

Additional Information.
