FOR IMMEDIATE RELEASE

SolTrans August 2022 Service Changes

Solano County, CA - Solano County Transit (SolTrans) will implement a service change on Sunday, August 7, 2022. Most of the changes affect the SolanoExpress Blue, Green, Red and Yellow Lines.

The SolanoExpress Blue Line will transition over to being operated by SolTrans on Monday, August 8, 2022, with a temporarily reduced schedule. The reduced schedule has been planned as to not interrupt morning and afternoon commute service, midday trips were reduced. The Blue Line service will be expanded on Monday, September 19, 2022. Blue Line riders should use SolTrans.org for information about fares and service alerts.

The SolanoExpress Yellow Line schedule will be adjusted to welcome Solano County's first All-Electric over-the-road coach. The Yellow Line will now start and end service at SolTrans Curtola Park & Ride Hub to allow for inductive charging between trips. The Vallejo Transit Center is still a stop along the route.

All SolanoExpress Lines will be adjusted to reflect actual travel times due to increased traffic along the I-80 and I-680 corridor in this service change. SolanoExpress schedules were also adjusted in preparation for BART's schedule change effective September 2022 to ensure passengers have time to transfer between BART and bus.

SolTrans school trippers Route 15, 17, and 38 have been updated for the new school year. Other minor schedule adjustments were made to local routes 1 and 6 please check updated timetables at SolTrans.org.

SolTrans staff is still closely monitoring travel patterns as people return to work post pandemic. Service restoration recommendations are encouraged through the Leave a Comment form on SolTrans.org.

Solano County Transit (SolTrans) has been the public transportation provider for south Solano County since July 2011.
